Radiologic Technology is a high-tech, high-touch career field. Registered Technologists in Radiography, RT(R), perform diagnostic imaging examinations and often specialize in advanced imaging modalities such as Computed Tomography (CT), Magnetic Resonance Imaging (MR), Cardiac-Interventional Technology (CI) and more. Radiographers routinely provide care to patients and perform tasks involving heavy lifting and pushing. Radiographers work on their feet for long hours. The images produced by Radiographers are used for diagnostic interpretation by Radiologists enabling physicians to diagnose and treat a vast array of patient conditions. This profession requires critical thinking, maturity, caring, and dependability. Radiographers must have a solid knowledge base in Radiologic Sciences and patient care, and demonstrate a reliable work ethic. Radiographers must work well in a team environment and autonomously as an independent thinker and problem-solver.

The Program
The Radiologic Technology program is a 22 month, full-time certificate program; 8-hours per day, 5-days per week. The program is designed to provide students with the knowledge and skills necessary to become radiologic technologists. This program maintains high standards of excellence in education that assures quality patient care and safe technologist practices. Graduates of the program will be eligible for licensure in the State of Florida as Certified Radiologic Technologists and for application to the certification examination administered by the American Registry of Radiologic Technologists. (ARRT) Curriculum is competency-based and incorporates extensive practical experience in local hospitals and imaging facilities. The clinical model is designed to promote competency and technical proficiency in all ARRT required diagnostic imaging procedures for general radiography.

Program Accreditation
The program is accredited by the Joint Review Committee on Education in Radiologic Technology. www.JRCERT.org

Job Outlook
According to the Bureau of Labor Statistics, the median annual wage in 2017 for Radiologic Technologists was $58,440. The highest 10% earned more than $84,110 (varies by region). The demand for diagnostic imaging personnel is strong and expected to increase sharply over the next decade (according to the U.S. Department of Labor).

Admission Policies and Procedures
Radiography is a selected admission program. Attendance to an Information Session at MTC is mandatory. Applications are accepted year around. Applicants must have a college degree (minimum Associate degree) with a 2.75 GPA or higher and include Anatomy & Physiology, Medical Terminology, and Computer Applications. Applicants must be able to meet the Program’s published Technical Standards. Financial aid is available. For complete details on Admissions, please see the Radiography Admissions Policies and Procedures sheet that follows.
| Application Eligibility                                                                 | Completion of an Associate’s Degree (or higher) - AAS, AS, or AA degree from an institution accredited by a regional accreditation agency are acceptable. (Degree Major is unspecified)  
|                                                                                       | Minimum 2.75 GPA at completion of degree.  
|                                                                                       | Ability to meet Program’s published Technical Standards.  
|                                                                                       | Required as either part of the degree or additional courses taken:  
|                                                                                       | College Algebra  
|                                                                                       | Anatomy & Physiology I (w/Lab)  
|                                                                                       | Anatomy & Physiology II (w/Lab)  
|                                                                                       | Medical Terminology  
|                                                                                       | Microcomputer Applications |
| Applicant Advisement                                                                 | All program applicants must first attend an Information Session held at MTC. Dates and times may be found on the program’s website mariontc.edu  
|                                                                                       | Applicants may contact the Program Director for individual advisement: Cheryl.Sirmons@marion.k12.fl.us / 352-671-7223 |
| Application Timeline                                                                  | Applications Accepted year-round: Submit Application Package including:  
|                                                                                       | - Official College Transcripts (from every college attended)  
|                                                                                       | - High School Transcripts  
|                                                                                       | - 3 Recommendation Forms from professional sources (mailed separately by persons completing the forms).  
|                                                                                       | - Marion Technical College Application must ALSO be submitted to Student Services ($20 fee)  
|                                                                                       | Early application with UNOFFICIAL transcript is encouraged; however, final OFFICIAL transcript MUST be submitted by prior to acceptance in the program.  
|                                                                                       | March-July: Applicants scheduled for Seminar, Career Observation Tour, and Faculty Dialogues. All applicants receive notification via email.  
|                                                                                       | Mid July: Program Orientation for selected students.  
|                                                                                       | August: Program (classes) begin. |
| Applicant Acceptance                                                                 | Radiologic Technology is a limited access/selected admission program.  
|                                                                                       | Selection is made on a point-scale basis. The point-scale criteria may be downloaded from mariontc.edu.  
|                                                                                       | - 50% based on academic performance  
|                                                                                       | - 40% Application Review and Faculty Dialogue  
|                                                                                       | - 10% Other (prior healthcare experience, prior application, Applicant Tour) |
| Financial Aid                                                                        | Complete FAFSA at www.fafsa.gov  
|                                                                                       | School Code: 031039  
|                                                                                       | Scholarships and grants are available to qualifying students. Contact the Financial Aid Office at MTC (352)671-7200.  
|                                                                                       | The Radiography Program does qualify benefits for GI Bill. |
| Background Check                                                                     | Selected students will be required to undergo a criminal background check and drug screening. Cost incurred by student. |
| Drug Screening                                                                        | All Selected students will be required to submit a health certificate and immunization records (signed by a healthcare provider). Forms are provided in students’ acceptance letter. |
TECHNICAL STANDARDS

Rationale  Individuals admitted to the Radiologic Technology program must possess the capability to complete the entire curriculum and achieve certification as a licensed Radiologic Technologist. This curriculum requires demonstrated proficiency in a variety of cognitive, problem-solving, manipulative, communicative and interpersonal skills. The Radiologic Technology program has therefore established technical standards that must be met by students admitted in to the program.

Directions  Read the following standards carefully before signing the Application for Admission. Make an assessment of your cognitive, affective and psychomotor capabilities, and determine if you have any limitations that may restrict or interfere with your satisfactory performance of any of the standards listed below.

Students must be able to:

1. Observe and participate in all didactic, clinical and practical demonstrations including group procedural simulations and self-learning practicums.

2. Learn to analyze, synthesize, solve problems, and reach evaluative judgment.

3. Demonstrate sufficient use of the senses of vision, hearing, and touch necessary to directly perform a radiographic examination; review and evaluate the recorded images for the purpose of identifying proper patient positioning, accurate procedural sequencing, proper radiographic quality, and other appropriate technical qualities of diagnostic image acquisition.

4. Relate reasonably to patients and establish a sensitive, professional and effective relationship with them; communicate verbally in an effective manner to direct patients during radiographic examinations.

5. Provide physical and emotional support to patients during radiographic procedures, respond to situations requiring first aid and provide emergency care in the absence of, or until the physician arrives.

6. Display judgment in the assessment of patients; demonstrate the ability to recognize limitations in their knowledge, skills, and abilities and to seek appropriate assistance.

7. Demonstrate the ability to work collaboratively with all members of the health care team.

8. Learn and perform routine radiographic procedures; students must have the mental and intellectual capacity to calculate and select proper technical exposure factors according to the individual needs of the patient.

9. Demonstrate sufficient physical strength, motor coordination, and manual dexterity to transport, move, lift, and transfer patients from a wheelchair or cart to an x-ray table, or to a patient bed; lift a minimum of 30 pounds over head.

10. Move, adjust, and manipulate a variety of radiographic equipment, including the physical transportation of mobile radiographic equipment, in order to arrange and align the equipment with respect to the patient and the image receptor according to established procedures and standards of speed and accuracy.

11. Learn to respond with precise, quick, and appropriate action in stressful and emergency situations.

12. Accept criticism and adopt appropriate modifications in their behavior.

13. Possess the perseverance, diligence, and consistency to complete the radiologic technology curriculum and enter into the practice of radiology as a certified technologist.

Recommendation Forms
I understand that three (3) Recommendation Forms must be received by the program office by May 19 in order to be a qualified applicant. I also understand that academic and professional acquaintances are required and that friends and relatives are ineligible to submit a recommendation. I further understand that I must sign the Recommendation Form first to give authorization for the individual to complete and submit the form to MCSRT. (THE INDIVIDUAL MAKING THE RECOMMENDATION MUST MAIL THE FORM DIRECTLY TO THE PROGRAM OFFICE AT THE ADDRESS INDICATED ON THE FORM).

Signature of Applicant

Technical Standard
(READ THE TECHNICAL STANDARDS PORTION OF THIS APPLICATION PACKET BEFORE SIGNING BELOW). By my signature, I agree that I have reviewed and understand the Technical Standards and feel confident I am capable of complying with them in every regard as identified. Further, I do NOT have any physical restrictions that will interfere with my successful performance as a student radiographer.

Signature of Applicant

Statement and Signature
The information provided on this application is true to the best of my knowledge. I understand that any misrepresentation or omission of personal information will result in my ineligibility to be considered for admission to this program. I also understand that admission into the Radiologic Technology Program at Marion Technical College is made on a selective basis. I have reviewed and understand the point-scale selection criteria provided on the School’s website. I understand that admission to the radiology program creates a contractual agreement between the School and the applicant and that said agreement is based, in part, on the information provided on this application. I further understand that this application will not be processed if not COMPLETE with transcripts and signatures.

Attend Information Session at MTC (mandatory before applying to Radiography Program).

Complete degree with 2.75 GPA (or higher).

Obtain Official Transcripts from all colleges attended (unopened). This may be sent directly to Program office or submitted with Program Application.

Obtain Transcripts from High School (unopened) as mandated by State. This may be sent Directly to Program Office or submitted with Program Application.

Complete Radiologic Technology Program Application entirely (do not leave any blanks).

Give Recommendation Form to three individuals who know you in a professional capacity (such as professor, work supervisor, volunteer supervisor, etc. – not friends and family please. This must be returned to the program office directly by person completing the form).

Read Technical Standards; sign if able to meet the standards. If not, contact Program Director.

For questions or assistance, please contact the Financial Aid office at (352)671-7203.

Submit Program Application and all Official Transcripts.

Submit MTC Application with all required documentation ($20 fee). If any questions regarding Residency Affidavit/documents of proof, call Student Services at (352)671-4134.

Wait to be contacted by EMAIL for date of Applicant Seminar, Career Observation Tour, and Faculty Dialogue. This is mandatory. Record date in your calendar!

Return Career Observation Tour Response Form (within 3 business days of tour).

Breathe!
