# PLACEMENT AND FOLLOW-UP PLAN

### **EFFECTIVE SCHOOL YEAR: 2022 - 2023**

REVISED: November 2, 2022

A DIVISION OF THE MARION COUNTY PUBLIC SCHOOLS AN EQUAL OPPORTUNITY SCHOOL DISTRICT

### MARION TECHNICAL COLLEGE PLACEMENT PROCESS AND FOLLOW UP PLAN

#### PLACEMENT PROCESS

Marion Technical College (MTC) Career Education Facilitators (CEF), Managers, Program Clerks, and Instructors are responsible for providing placement assistance to program participants. Each Career Education Facilitator, Manager and Program Clerk serve as the Placement Coordinators for their respective programs and are responsible for developing and organizing all placement activities. Most Career Certification Programs provide clinical experience for students, and many students receive employment offers through these clinical experiences. However, for students that do not attain employment through the clinical experiences, the following process has been developed to assist them through the employment search process.

The following procedures outline the Placement Process.

- 1. Students are encouraged to register with CareerSource CLM (Citrus Levy Marion), Employ Florida, Florida Marketplace, CareerBuilder, Indeed, and other online job search websites. Students are also encouraged to visit the "Career Connections" employment board posted outside of the Student Services Department and in the Student Resource Room for local employment opportunities. The employment opportunities posted on the employment board are gathered through efforts of the Student Services staff, program managers, program clerks, instructors, and recruiting/marketing coordinator. Employment opportunities are also posted on our social media accounts.
- A workshop is held annually, prior to graduation, in which MTC students will learn resume writing, job search skills and practice interviewing.
- Business partners will be invited to recruit students at an annual job fair hosted by MTC every spring.
- 4. Instructors in coordination with program managers, CEFs, and program clerks contact their local

industry professionals to attain information about local employment opportunities. Students are referred to local employers to apply for employment so that by the time they complete programs, the students are employed.

- 5. Program clerks follow up with students via email and phone calls, recording the students' placement information in FOCUS. Program managers are contacting employers via email and phone calls to complete the employer survey. The employer survey requests information regarding the level of satisfaction with the education that was received. The program managers record employer survey information in placement notes in FOCUS.
- The annual COE Completion, Placement, and Licensure Report, containing MTC's completion, placement and licensure results, is made available annually to staff and faculty on the MTC SharePoint. The report is also maintained on file in the Administration Office.

#### FOLLOW UP PLAN

Program Managers, Career Education Facilitators (CEF), instructional staff and program clerks provide follow-up services to MTC career and technical program completers. Students are informed of the follow up process prior to completing their program of study. They are instructed to immediately contact the program CEF, program manager, program clerk or instructor if any of their contact or employment information changes. The following plan outlines the procedure for conducting follow up.

- Each student receives a follow-up email after graduating/leaving a Career Certification Program. During the follow up contact, the student provides updated contact information, employment information, and feedback on program contents. Information gathered during the follow up contact is entered into MTC's student information system, FOCUS. Students are encouraged to visit the Student Services Department (Room #045), if they need employment assistance. Students having difficulty attaining or maintaining employment are strongly encouraged to visit the CareerSource CLM (Citrus Levy Marion) office for employment counseling and other employment services.
  - a. If Program Clerk is unable to contact a student via email, clerk follows up with a monthly telephone call, and documents the attempts in FOCUS.

2. The Employer Follow-Up

The Program Managers contact employers via email and telephone requesting information regarding the level of satisfaction with the education that was received. The Program Managers record employer survey results in Placement notes in FOCUS.

- 3. The information gathered from staff contact is maintained in the student information system, FOCUS.
- Follow-Up results are maintained in FOCUS and used to generate the annual COE Completion, Placement and Licensure Report. MTC's data manager generates the annual COE Completion, Placement and Licensure Report.
- 5. Institutional Follow-Up results are made available to MTC staff and faculty on MTC SharePoint when completed.
- 6. Council on Occupational Education's Completion, Placement, and Licensure Report is completed annually in December. The report containing the results of student and employer follow-up is made available annually to staff and faculty. The report is also on file in the administration office for review.

During the Accreditation Visit, the Accreditation Team will conduct a review of MTC's Follow-Up Process utilizing three forms developed by the Commission on Occupational Education (COE): COE Graduate- Completer Verification Form (Exhibit B), COE Placement Verification for Non-Graduate Completers Form, (Exhibit C) and COE Placement Verification for Graduate Completers Form (Exhibit D) and COE Licensure Examination Verification Form (Exhibit E).
